MESSAGES OF PERSEVERANCE

WRITTEN *by*

Believe that you are strong,
and keep believing every day.
But also have a firm belief
in who you are today.

Just don't give up, and tell yourself
to bravely try your best. The secret
is to always keep trying—I suggest.

So trust in your abilities
and skills, and practice too.
Before you know it, you will find
success in what you do!

You'll learn new things each day,
and if, at first, you don't succeed...
keep making focused efforts
as you firmly take the lead.
